3. EXEMPTIONS

3.1 Very Low Income

Only those homeowners or renters who reside within the City and whose income qualifies as “very low-income”, as defined by the United States Department of Housing and Urban Development, are eligible for this exemption. The limits are based on two factors: 1) the size of your household (the number of persons living at that address); and 2) The combined “Family*” income for the previous calendar year. The current qualifying income levels are:

Household Size	1	2	3	4	5	6	7	8
Maximum Annual "Family" Income	\$40,700	\$46,500	\$52,300	\$58,100	\$62,750	\$67,400	\$72,050	\$76,700

*The City code defines “Family” to include one or more persons related by blood, marriage or adoption, who are living in a single Residential Unit and maintaining a common household. Family shall also mean all unrelated persons who live together in a single Residential Unit and maintain a common household.
