

SIDEWALK REPAIR PROGRAM PHASE 2 REPAIR

TRAFFIC AND SAFETY COMMISSION
JULY 26, 2018

MEETING AGENDA

- Samples of completed work
- Review Criteria for Prioritizing Repairs
- Development of Sidewalk Repair List for Phase 2
- Repair List and Map
- Task List
- Recommendation to Council

Completed sidewalks: 1138 Talbot

Completed sidewalks: 1151 Portland

Before

After

Completed sidewalks: 908 Jackson

Before

After

T&S APPROVED PRIORITIZATION CRITERIA

- Group A: Special Access Needs
- Group B: Priority Sidewalk Network (ATP)
 - B1: Offset $>2''$ or Structural Failure
 - B2: Offset $<2''$ and $>1/2''$
- Group C: Offset $>2''$ or Structural Failure
- Group D: Offset $<2''$ and $>1/2''$
- Group E: Special Cases (separate list)
- Group F: Offset $<1/2''$ or minor cracking
- Ranking within group

DEVELOPMENT OF SIDEWALK REPAIR LIST

- Over 700 locations from list evaluated and ranked
- Ranked according to approved criteria from T&S Commission
- Group C sidewalks with > 2 " displacement given additional priority
- Included lower-ranked neighboring sidewalks
- Take advantage of designs already in pipeline for quick turnaround

DEVELOPMENT OF SIDEWALK REPAIR LIST

- Refined ranking through field evaluation of highest ranked:
 - Locations completed since initial measurement by City or by private
 - Locations such as 600 block of Key Route – major sewer project
 - Locations with tree conflict that may require tree removal – separate process underway for those locations
- Selected reasonably-sized project resulting in 69 locations for repair
- Sent letters to these 69 locations notifying them of the T&S meeting and likely repair work

MAKE UP OF PHASE 2 REPAIR LIST

<u>GROUP</u>	<u>PHASE 1</u>	<u>PHASE 2 LOCATIONS</u>
Group A	5	0
Group B1	23	33
Group B2	13	13
Group C	0	22
