ELIGIBILITY FOR FIELD USE, PARTICIPATION ASSESSMENT AND FIELD ALLOCATION
(City of Albany City Council Resolution No. 2017-85)**

1.0 Equal Opportunity Commitment

(1) General:

The City of Albany Recreation and Community Services Department (“Department”) shall comply with laws that prohibit discrimination and harassment based on sex, sexual orientation, gender, gender identity, ethnic group identification, race, national origin, color, religion, mental or physical disability. This principle applies not only to programs or activities sponsored by the Department, but also to allocation of City facilities and resources to third parties.

(2) Gender Equity in Youth Sports Programs:

Department programs, policies and practices shall meet the requirements of the Fair Play in Community Sports Act (“Fair Play Act”; AB 2404; Government Code Section 53080), which mandates gender equity in youth sports programs that are run by the Department as well as programs that use City facilities. The Fair Play Act requires that girls and boys be provided with equal opportunities for participation in community youth athletics programs. Opportunities for use of City facilities (considered in the aggregate) should be provided in numbers substantially proportionate to the respective numbers of girls and boys in the community. The Department will annually monitor participation numbers by gender of youth participants (under the age of 18). Where the members of one gender are under-represented, the Department, and its third-party youth program users, will proactively promote and develop activities for the under-represented gender until proportional participation has been achieved or until it can be demonstrated that the interests and abilities of the underrepresented gender have been fully and effectively accommodated by the present program and allocation of resources.

(3) Policy Distribution:

This policy statement shall be distributed with all applications for use of City park and recreational facilities. Flyers announcing the Department’s commitment to gender equity under the Fair Play Act shall be displayed in City recreational and sports facilities and shall include contact information for the Fair Play Act Compliance Coordinator in the event any citizen wishes to report a gender equity concern. See Appendix F.

(4) Administrative Responsibility:

The Recreation and Community Services Director will serve as the Fair Play Act Compliance Coordinator and be responsible for ensuring compliance with this policy. The Director will prepare an Annual Fair Play Youth Participation Report and shall submit such report to the Parks and Recreation Commission. The report will include youth participation data for the previous five years and a summary of promotion and development activities undertaken by

the Department and third-party users in the current year. See Attachment B for sample report format (including back-up charts showing use of facilities by program-Appendix A). The Director will also be responsible for investigating any gender inequity complaints.
